## FOLIAR FERTILIZER

GOLDEN GLOBE ANNUAL AWARDS  
FOR BUSINESS EXCELLENCE 2015

BEST QUALITY  
FOLIAR FERTILIZER BRAND  
2015

**"Dekalidad na Produkto  
Kampante ka rito!"**

**HYFER PLUS FOLIAR FERTILIZER** is a unique of properly balanced essential macro and micro nutrients, vitamins, hormones, amino acid, humic acid and spreader sticker. Formulated to supplement necessary nutrients for optimum plant development.

<b>GUARANTEED ANALYSIS:</b>	<b>GROWTH ENHANCER</b> VEGETATIVE STAGE	<b>BLOOM BOOSTER</b> FLOWERING / FRUITING STAGE
NITROGEN	22 %	4 %
PHOSPHORUS	11 %	4 %
POTASSIUM	9 %	14 %

**DOSAGE AND APPLICATION:**

Dilute 2.5 to 4 ml. **HYFER PLUS FOLIAR FERTILIZER** in every liter of clean water (40-60ml. / 16 liters). Spray the solution directly to the leaves and young stems of the plant. Best time of application is early in the morning or late in the afternoon.

**FOR DRIP APPLICATION:**

Dilute 500 to 750ml. in every 200 liters of clean water and drip irrigate the soil as needed.

**FUNCTIONS AND BENEFITS:**

**MACRO NUTRIENTS (N.P.K., Ca, Mg, Su):**

- > Primarily promote early root growth, aid in pollen and seed production and increases plant resistance to stress and diseases.
- > Potassium and Nitrogen, specifically produce greening effect on leaves and quality of fruit.

**MICRO NUTRIENTS (B, Cu, Fe, Mn, Zn, Mo):**

- > Aids in chlorophyll formation, sugar transport from leaves and stem going to the fruit, and nitrogen processes for photosynthesis and seed germination.

**VITAMINS:**

- > Organic compounds that enhances resistance and flourish the plant.

**HORMONES:**

- > Serves as communicators or agents, which help regulate proper plant growth and development.

**AMINO ACIDS:**

- > Provides ready made building block for protein synthesis. Directly and indirectly influence the physiological activities of the plant.

**HUMIC ACID:**

- > Promotes plant health and growth.

**SPREADER STICKER:**

- > Reduces surface tensions of the solution, helping them spread and cover leaves more effectively, thus, maximizing the efficacy of the active ingredients.

## OTHER QUALITY PRODUCTS:

**ISE CONCENTRATE** is a versatile seaweed-based product developed using a proprietary procedure for agricultural use and other purposes. It functions as a spreader, sticker and emulsifier, making it unique and economical than other spray-supplements. With just a small amount, **ISE CONCENTRATE** optimizes the performance of herbicides, fungicides, insecticides and other inputs. Since all ingredients are food grade, **ISE CONCENTRATE** is safe, non-phytotoxic, non-corrosive and non-biodegradable.

ISE Applications	Dosage
Emulsifier/Sticker & Spreader	5-6 ml or 1/2 tablespoon/1L spray solution
Herbicides	8 ml or 1.5 tablespoon/1L spray solution
Fungicides, Bactericides & Insecticides	5 ml or 1 tablespoon/1L spray solution
Soil Conditioner	80 ml or 8 tablespoon/1L spray solution

**ANTICA** is an aqueous suspension of organic non toxic environmental friendly bactericide/fungicide. It is composed of the Alpha Hydroxy Acid predominantly lactic acid extracted from tropical fruits. It has a contact and systemic action used to control wide range of Fungal and Bacterial diseases in rice (BLB/Tungro/BLS), vegetables (Damping-off, leaf spot, fruit rot, etc.) and fruit tree (Anthracnose).

Recommended Dosage: Treatment-120ml/16 liters of water every 7 days  
Prevention-60ml/16 liters of water every 15 days

**AICON** is a natural Botanical Insecticide with Azadirachtin as labeled active ingredient. It is the most important organic pesticide among all bio-pesticides for controlling pests. This pesticide does not leave any residue on the crop like other chemical pesticides, and therefore is the preferred organic pesticide of choice.

#### DIRECTION FOR USE

INSECT PESTS OF CROPS	DOSAGE	METHOD OF APPLICATION	FREQUENCY
Stem Borers, Aphids, Beetles, Worms	80-100 ml/14L of water	Foliar Spraying	Weekly or if necessary
Caterpillars, Miners, Bugs, Mites, Moths and Flies	100-200 ml/14L of water	Soil Drenching	Weekly or if necessary

## HYFER SOLID FERTILIZERS BRAND

**HYFER 21-0-0    HYFER 14-14-14    HYFER 46-0-0    HYFER 16-20-0    HYFER 0-0-60**

**HYFER SOLID FERTILIZERS** are organically coated fertilizers with "Sustain Release Formula" for healthy plant growth. It also helps plant to make new roots, make seeds, fruits, flower and make strong stems for fast growing.
